

LIBRARY 2 GO! Is Open & Ready!

What is Library2Go?

Library2Go is an electronic locker system that allows our Library customers to place holds on library materials and to pick them up anytime at Elmar's BP Station & Convenience store on Hwy 55 in Elk Creek.

Library2Go may be used by any library customer.

Best of all, the lockers can be accessed 24/7 - a service that fits

How does it work?

- Place items on hold online or by phone
- Place a hold online with your library card number & type Library2Go in the comments section to have your items delivered to the book locker at Elmar's
- When you reserve items by phone, tell the staff you'd like to pick them up at the Library2Go
- When your items are available, library staff will deliver and place them in an electronic locker
- A staff member will notify you that your items are available to be picked up
- You will have three days to collect them from your Library2Go locker

Deliveries will be made only on Wed. and Fri. for now

To Pick Up Your Items

Either 1) Scan your library card under the keypad on the book locker and the box(es) with your items will open automatically,

Or 2) use the keypad to enter your library card number (barcode **only**) and press the ENT # button, and your box(es) will open. Remove your items and receipt and close the doors.

You can return your items at the library or the book drop next to the Library2Go book locker. Your receipt with the due date will be with your materials

Need Help?

For assistance with Library2Go, call us at 502-477-8137 during regular library hours, or contact us by e-mail at scpl2@spencercolibrary.us
